#### Easy ironing

- Smooth gliding ceramic soleplate
- Our drip stop prevents water dripping on your garment
- Vertical steaming for hanging fabrics
- Reach difficult places easily with the triple precision tip
- Iron more in one go with the 300ml water tank

#### Long lasting performance

- Built-in calc-clean slider, long-lasting steam performance

# Highlights

## Steam boost up to 160 gram

The strong steam boost gives you that extra power to penetrate deeper into the fabric and cut through the tough creases easily.

## Continuous steam up to 35g/min

Strong and consistent steam output to remove creases faster.

## 2200 watt for fast heat-up

Delivers fast warm-up and powerful performance.

## Ceramic soleplate

Our durable ceramic soleplate glides well on any ironable garment. It does not stick to your garment, is scratch resistant and easy to keep clean.

## Drip stop

Our drip-stop system prevents leakage to avoid stains from water droplets, so you can iron with confidence at any temperature.

## Vertical steam

With the vertical steam function you can refresh garments right on the hanger and remove creases from hanging fabrics such as curtains. No ironing board required.

## Triple precision tip

The tip is precise in 3 ways: it has a pointed tip, button groove and sleek nose design. Our triple precision tip helps you handle even the hardest-to-iron spots, like buttons and pleats.

## Built-in calc-clean slider

This iron operates with ordinary tap water. Calc-clean is a built-in cleaning function to remove calcium buildup, or limescale, and maintain peak performance.

## 300ml water tank

Fewer refills are required thanks to a large 300ml water tank. So you can iron more clothes in one go.
