

Philips PowerPro Expert
Bagless vacuum cleaner

2100W
PowerCyclone 8
Allergy H13 filter
Remote control

FC9735/61

Picks-up and locks 99% of fine dust.*

Thanks to exceptional suction and Allergy Lock

The Philips PowerPro Expert is engineered for superior cleaning with powerful suction power. PowerCyclone 8 technology and our TriActive+ nozzle deliver top results on any floor.

Superior performance
- PowerCyclone 8 technology separates dust from air
- TriActive+ nozzle for 3-way cleaning action

Effortless cleaning
- ErgoGrip handle for maneuverability and remote control
- Onboard accessories: Conveniently stored, always at hand
- Soft brush integrated into handle for easy access

Allergy friendly
- Allergy Lock traps dust inside
- Easily emptied with one hand to control dust
- Captures 99.9% of all fine dust
- Allergy H13 filter system captures >99.9% of fine dust

PHILIPS

Bagless vacuum cleaner
2100W PowerCyclone 8, Allergy H13 filter, Remote control

FC9735/61

Highlights

ErgoGrip remote control

ErgoGrip handle allows easy maneuverability in tight spaces. Built-in remote control buttons let you control power and adjust settings comfortably — without bending, squatting or interrupting your cleaning.

Onboard accessories

Onboard accessories: Conveniently stored, always at hand

Integrated soft brush

Soft brush integrated into handle for easy access

Powerful cyclonic action

Exclusive PowerCyclone 8 technology quickly accelerates air in the cyclonic chamber to separate out dust. The powerful swirling action maximizes airflow and performance for remarkable cleaning results.

3-way cleaning action

Our exclusive TriActive+ nozzle gently opens carpet pile for a deeper clean. Air channels at the front let large crumbs in and brushes at the sides clean closely along your furniture and walls.

Allergy Lock

Our Allergy Lock system uses a sensor to ensure the dust container is fully sealed and leak-proof before operating.

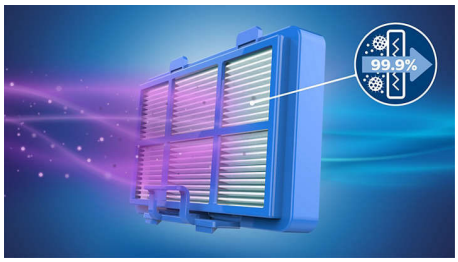
Simple and tidy to empty

The dust container detaches with one hand and controls dust with its unique shape and smooth surface.

Allergy filter

Our clean-air filter system creates a perfect seal and captures 99.9% of fine dust – including pollen, pet hair and dust mites – for allergy sufferers and anyone demanding a higher level of hygiene.

Allergy H13 filter system



The fully-sealed filtration system captures >99.9% of fine dust particles - including pollen, pet hair and dust mites - for allergy sufferers and anyone demanding a higher level of hygiene. Filtration level is equivalent to HEPA 13*.

Specifications

Nozzles and accessories
- Standard nozzle: TriActive+ nozzle
- Accessories included: Crevice tool, Small nozzle, Integrated brush
- Accessory storage: On board
- Extra accessories: Filter replacement: FC6042/01

Design
- Color: Beluga metallic

Weight and dimensions
- Dimensions of product (LxWxH): 505x292x292 mm
- Weight of product: 5.5 kg

Sustainability
- Packaging: > 90% recycled materials
- Stand-by power consumption: < 0,5 W
- User manual: 100% recycled paper

Performance
- Input power (IEC): 1800 W
- Airflow (max): 41 l/s
- Sound power level: <79 dB
- Input power (max): 2100 W
- Suction power (max): 470 W

Filtration
- Dust capacity: 2 L
- Exhaust filter: Allergy H13 filter
- Motor filter: Lifetime washable filter
- Filtration level: HEPA13 level**

Usability
- Tube coupling: ActiveLock
- Action radius: 10 m
- Carrying handle: Top and front
- Cord length: 7 m
- Power control: Electronic on appliance
- Tube type: Metal 2-piece telescopic tube
- Wheel type: Rubber
