Philips

Water dispenser

ADD4949BK/70

Highlights

Child lock to prevent hot water burns

Child lock for hot water keeps children safe from accidental hot water burns.

Dual heating powers for your selection

Dual powers for your selection - 350W high power for fast boil, and 170W low power to save energy.

Z-shape 304 stainless steel water pipe

The 304 stainless steel water pipe is anti-rust, and the Z-shape helps to reach the bottom of the bottle so that there's no remaining water.

Refreshingly cool water on demand

Refreshingly cool water comes at a press of the paddle. Enjoy your delicious cold gulp in hot weather.

Fresh hot water on demand

The fresh hot water comes at a press of the button, perfect for your cup of coffee, tea or even instant soup or noodles.

Bottom loading; no more heavy lifting

Easy bottle replacement with bottom loading design. Say goodbye to heavy lifting!

Water shortage indicator reminds on-time bottle re

Water shortage indicator reminds you of on-time bottle replacement and protects the dispenser.
