PHILIPS

Under-the-sink compound filter

Philips

Re-mineralization

AUT659CF/90

Water refined by high-quality activated carbon

The activated carbon filter is made of high-quality natural coconut shell, which refines the taste of purified water.

Cleaner water

- 5-in-1 filter with excellent performance

Crisp and pure tasting water

- Crisp and pure tasting water straight from the fridge

Philips

Under-the-sink compound filter

AUT659CF/90

Highlights

5-in-1 filter

This highly integrated 5-in-1 filter provides 5 stages of filtration, and achieves the same performance as 5 filters. It greatly reduces the frequency and cost of filter replacement as you only have to replace one filter once a year.

Crisp and pure tasting water

Powered by the high-quality coconut shell activated carbon block, which has effective absorption of chlorine and impairing substances with 0.5 Î¼m pore size.

Specifications

General specifications

Recommend filter lifetime: Up to 12 months

Filter

Filtration capacity: 3,650 L
