Easy transition to Sonicare
- Easy-Start to ease the transition

Protects your gums
- Safe and gentle to use

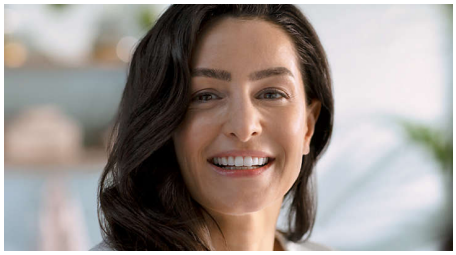
Provides superior clean
- Up to 3 x better plaque removal vs. a manual toothbrush*
- Our unique technology brings you a powerful yet gentle clean

Highlights

Advanced Sonicare Technology

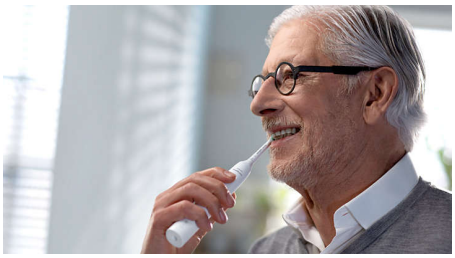
Powerful bristle vibrations drive microbubbles deep between your teeth and along your gum line for a refreshing experience. You will get one months' worth of manual brushing in just 2 minutes.** 31,000 brush strokes per minute gently clean your teeth, break up plaque and sweep it away for an exceptional daily clean.

Removes plaque 3 x better*



The Sonicare electric toothbrush with advanced sonicare technology is clinically proven to remove plaque up to 3 X better* than a manual toothbrush. It removes plaque from your teeth and along the gum line while protecting your gums.

Safe and gentle to use

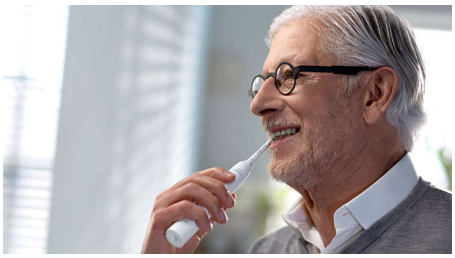


Sonicare toothbrush provides you with a thorough clean without being harsh on your teeth and gums. Gentle yet powerful sonic vibrations provide an exceptional clean while being gentle on your teeth and gums.

SmartTimer and QuadPacer

2 minute SmartTimer and 30 second QuadPacer guide you to brush for the recommended time in all areas of your mouth to ensure a complete clean.

Designed around you



Slim, lightweight and ergonomic design makes the toothbrush easy to hold and use so that you get an amazing clean without any strain.

Long-lasting battery life

Battery life lasts up to 14 days so you can go long periods without charging.

Easy-Start

Our Easy-Start programme gives you the option of a gradual, gentle increase in brushing power the first 14 times you use your new toothbrush.
