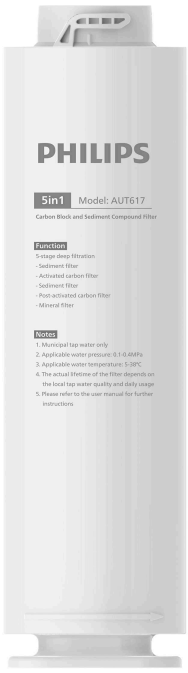
PHILIPS

Under-the-sink composite filter

Philips

AUT617/90



Advanced filter for superior performance

This composite filter removes impurities and chlorine through multi-stage filtration, and adds proper beneficial minerals to purified water for a natural spring water taste. One filter handles both filtration and remineralization.

Cleaner water assured

- Adds minerals back into the water to enhance the taste

Crisp and pure tasting water

- Crisp and pure tasting water straight from the fridge

Philips

Under-the-sink composite filter

AUT617/90

Highlights

Crisp and pure tasting water

Powered by the high-quality coconut shell activated carbon block, which has effective absorption of chlorine and impairing substances with 0.5 Î¼m pore size.

Mineralization technology

Mineralization technology enhances purified water with beneficial minerals such as Sr, Ca, and Mg, refining the water taste.

Specifications

Compatible Unit

Compatible Unit CTN: AUT9028DG/90

General specifications

Recommend filter lifetime: Up to 12 months

Filter

Filtration capacity: 3,650 L
