Power options

Continuous support, freedom and mobility with an array of Trilogy battery options

As a clinician, you want to make it possible for your patients to go to school and work, attend a ballgame, have lunch with a friend or just visit at grandma's house. Weighing only 11 lbs (5 kgs), and featuring a unique system of internal and easy-to-swap detachable batteries, Trilogy ventilators give patients and their families a new level of freedom and mobility. Choose from a variety of battery options to enhance your Trilogy experience.

Respiratory Li-ion battery kit

Our respiratory battery kit provides more than eight hours of battery life[1] and easily attaches to a wheelchair with the carrying case's attachment strap. The compact battery pack, itself, weighs just 2.25 lbs, meets FAA requirements.[2] Plus, the lithuim ion battery is environmentally-friendly.

The kit includes

- Li-ion battery pack
- Li-ion battery, Trilogy cable
- Li-ion battery, BiPAP device cable (A30/A40, Canada only)
- Li-ion battery case
- Li-ion battery case attachment strap
- Travel supply, 65W, DreamStation, RoHS

Specs

- Recharge time: 3 hours
- Weight: 2.25 lbs
- Dimensions: 1.25" (3.175 cm) x 5.25" (13.335 cm) x 9.0" (22.86 cm)
- Capacity: 90W
- Life cycles: >=70% capacity after 1,000 cycles[3]

1. Respiratory battery use - run-time test conditions for Trilogy: S/T mode, IPAP 15 cm H20, EPAP 5 cm H20, BPM 12, inspiratory time 0.8 s, passive, compliance 20, resistance 20.
2. For airline use. Complies with RTCA/DO-160G Section 21, category M.
3. Cycles equal charge/discharge.

Universal battery kit and accessories

Part number	Description
1124010	Universal battery kit, North America
1126944*	Universal battery kit, International
1126945*	Universal battery kit, Japan
1121737	Universal battery cable for Trilogy
1126947	Universal battery case
1126941	Universal battery attachment strap

Detachable battery pack (1043570)
A fully-charged, detachable battery will supply at least three hours of usage under normal usage conditions. Hot-swappable on the go.

Detachable battery accessories

Part number	Description
1043570	Trilogy detachable battery pack

Trilogy power cords

Part number	Description
1069219	Power cord, North America, 14' (4 m)
1044760	Power cord, North America, 8' (2.4 m)
1134644*	Power cord, Argentina, 8' (2.4 m)
1044765*	Power cord, Australia, 8' (2.4 m)
1080737*	Power cord, Brazil, 8' (2.4 m)
1062054*	Power cord, China, 8' (2.4 m)
1044763*	Power cord, Europe, 8' (2.4 m)
1044762*	Power cord, India, 8' (2.4 m)
1044764*	Power cord, Japan, 8' (2.4 m)
1074237*	Power cord, Korea, 8' (2.4 m)
1044761*	Power cord, UK, 8' (2.4 m)
1047295	External battery cable
1067424	Automotive DC power adaptor

Power cord

External battery cable (1047295)

Automotive DC power adaptor (1067424)

Carry case and stand

Enhanced portability

With Trilogy's in-use bag and mount stand for use at the bedside, patients have more mobility and freedom.

Travel carrying case
(1033709)

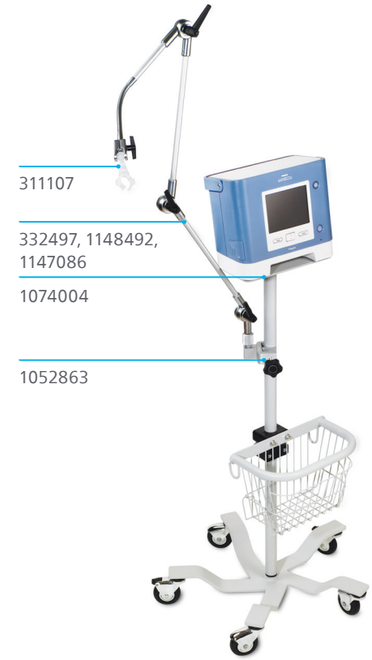
In-use carrying case
(1040420)

Carrying cases

Part number	Description
1033709	Travel carrying case
1040420	In-use carrying case

Home roll stand and accessories

Part number	Description	Box quantity
1047410	Roll stand (includes mounting plate)	1/pk
1094043	Circuit support arm	1/pk
1074004	Roll stand replacement mount plate	1/pk
1074137	Replacement screw for mount plate	4/pk
1009753	Mounting kit, F&P humidifier with water bag holder (For international sales only)	1/pk
1002230	Humidifier mounting dock for roll stand	1/pk
1002229	Bracket for interfacing with mounting dock (1002230)	1/pk
311107-10	Tube hanger, single limb, 22 mm	10/pk
332497 1148492 1147086	Support arm, three section	1/pk
1052863	C-clamp bracket for water bag pole mount	1/pk

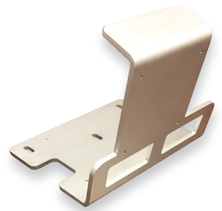


Home roll stand
(1047410)

Hospital roll stand

E-cylinder mount

Cylinder mount



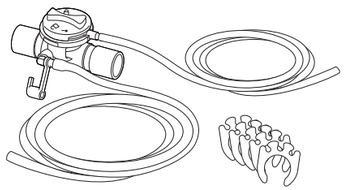
CoughAssist bracket

Hospital roll stand and accessories

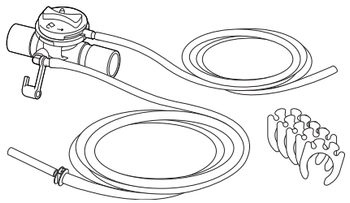
Part number	Description
1126379	SPRS-2 roll stand, height 111 cm, with base plate
1131462	SPRS-2 roll stand, height 104 cm, with base plate
1131463	SPRS-2 e-cylinder mount kit, 4.25" (108 mm)
1132041	SPRS-2 cylinder mount kit, 5.5" (140 mm)
1132038	SPRS-2 CoughAssist bracket, CA, T70

Not all products are available in all markets.

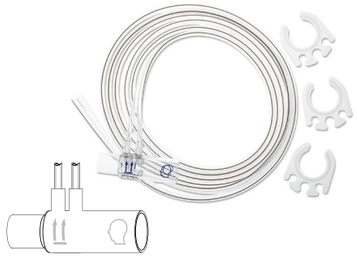
Circuits and circuit accessories



Active exhalation valve with PAP assembly (1065659)



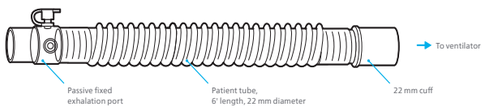
Active exhalation valve with PAP assembly (universal porting block) (1075459)



Proximal flow sensor (1050408)

Part number	Description	Box quantity
1065659	Active exhalation valve with PAP assembly	1/pk
1050408	Trilogy 200, proximal flow sensor	1/pk
1050534	Trilogy 200, proximal flow sensor	10/pk
1075459	Active exhalation valve with PAP assembly (universal porting block)	1/pk

22 mm passive circuit with fixed exhalation port
(1069467 10/pk)



22 mm passive circuits

Part number	Description	Box quantity
1069467	22 mm passive circuit with fixed exhalation port, non-heated	10/pk

Reusable circuits

Part number	Description	Box quantity
1052066	22 mm passive reusable circuit, non-heated	1/pk
1052064	22 mm active reusable circuit, non-heated	1/pk

*Pediatric patient ≥ 5kg

Not all products are available in all markets.

Trach adapters

Customized care

Flexible trach adapter with 22 mm connection (1073902 10/pk)

Connects to exhalation ports used with the passive circuit.

Flexible trach adapter with 15 mm connection (1073863 10/pk)

Connects to the flow sensor of the active exhalation valve.

Part number	Description	Box quantity
1073902	Flexible trach adapter with 22 mm connection	10/pk
1073863	Flexible trach adapter with 15 mm connection	10/pk
1147898	Flexible trach adapter with 22mm connection	10/pk
1148070	Flexible trach adapter with 15mm connection	10/pk

Exhalation accessories

Greater comfort, ease and accessibility

Disposable fixed exhalation port (312149)

Disposable filtered exhalation port with CAP (1065775)

Disposable exhalation valves

Part number	Description	Box quantity
312149	Disposable fixed exhalation port	10/pk
1065775	Disposable filtered exhalation port with CAP	10/pk

Whisper swivel II (332113)

Reusable exhalation valves

Part number	Description	Box quantity
332113	Whisper swivel II	1/pk

Not all products are available in all markets.

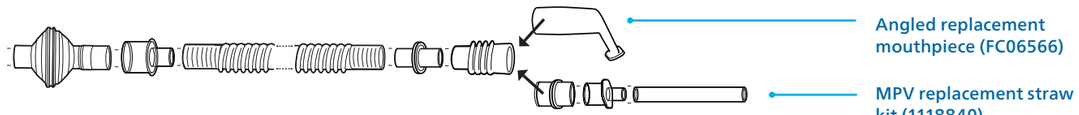
Mouthpiece ventilation

Giving patients freedom and flexibility

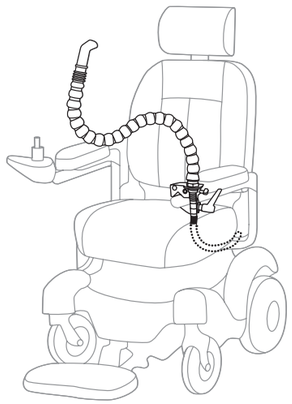
Our Mouthpiece ventilation and circuit support system help ventilation patients breathe on demand.

Mouthpiece ventilation (MPV)

A 'kiss' trigger with signal flow technology detects when a patient engages and disengages from the mouthpiece to deliver on-demand ventilation. Combine mouthpiece ventilation with an optional MPV support system to enhance patients' ease of use.



MPV disposable circuit (1102866)
Each system contains a bacteria filter, 6' (15 mm) tube, miniature flex tube, angled mouthpiece, straw mouthpiece and all necessary adaptors.



MPV circuit support system (1102862)

MPV circuit support system

This interlocking support system combines with Trilogy's breathing circuit to provide easy usage for patients. The support system can be attached to various surfaces in many configurations with the use of a clamp designed for use on flat or rounded surfaces. The interlocking support circuit can be adjusted to enhance comfort and accessibility.

Each system includes a clamp, 2' bendable tube holder and one MPV disposable circuit.

Part number	Description	Box quantity
1102866	MPV disposable circuit	10/pk
1118840	MPV replacement straw kit	10/pk
FC06566	Angled replacement mouthpiece, 22 mm	1/pk
1102862	MPV circuit support system	1/pk

Monitoring and alarms

Alert to changing conditions and events

Our remote alarm provides an audible tone and visible flashing red LED to alert caregivers of an alarm condition on Trilogy from up to 61 m (200').

The key features of the remote alarm include

- A warning when Trilogy alarms alert or its 9-v battery backup is low
- Visual indicators for alarms, low battery and AC power
- Simple interface (on/off and self-test buttons)
- Automatic self-test at startup and self-test any time
- Standard 9-v battery backup with a low-battery alarm

Remote alarm
Includes 50' (15 m) RJ9 cable, power supply and 9-v battery

Monitoring and alarms

Part number	Description
1118941	Remote alarm, North America
1120632*	Remote alarm, International

Remote alarm accessories

Part number	Description
1120633	Power supply, North America
1120634*	Power supply, International
1127161*	Power supply, UK
1114933	Remote alarm cable, RJ9, 50' (15 m)
1114934	Remote alarm cable, RJ9, 200' (61 m)
34046	Remote alarm stand

Oximetry

Convenient way to measure

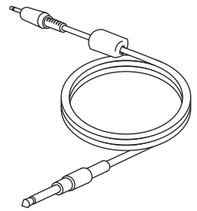
Oximetry interface kit (1080964)
Kit includes interface adapter,
SD card and mailer, carry case

Nonin SpO_2 (1122672)

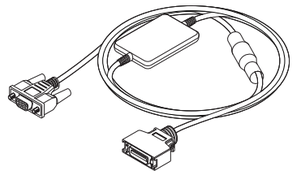
Part number	Description
1080964	Oximetry interface kit
1122672	Nonin SpO_2

Nurse call cables

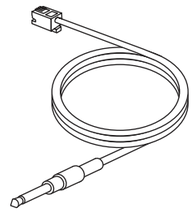
Connect and communicate



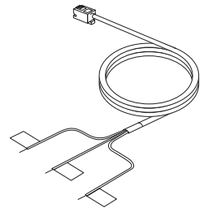
NC nurse call cable (1069979 / 1069980)



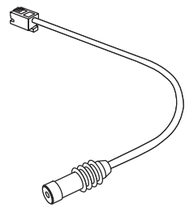
Isolated RS232 serial cable (1046972)



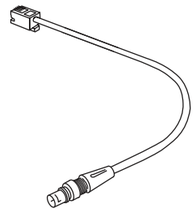
RJ9 nurse call cable alarm, closed (1080247 / 1080248)



RJ9 nurse call cable assembly adapter (1080249)



RJ9 to 2.5 mm 3” female adapter cable (1080250)



RJ9 to BNC cable (1079886)

Part number	Description
1069979	NC nurse call cable, 0.25” to 2.5 mm
1069980	NO nurse call cable, 0.25” to 2.5 mm
1046972	Isolated RS232 serial cable
1080247	RJ9 to 0.25" nurse call cable alarm, closed
1080248	RJ9 to 0.25" nurse call cable alarm, open
1080249	RJ9 nurse call cable assembly adapter
1080250	RJ9 to 2.5 mm 3" female adapter cable
1079886	RJ9 to BNC cable

Not all products are available in all markets.

Connectors

Choose soft- or hard-flex tubes and accessory adapters

Adapter 22 mm x 15 mm OD (1044191)

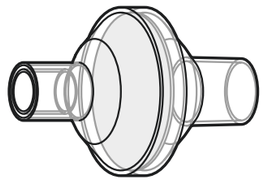
Connector 22 mm x 22 mm ID, female (C06334)

Part number	Description
1004968	Flex tube, 6", 22 mm x 15 mm, tapered
C06334	Connector 22 mm x 22 mm ID, female
1044191	Adapter 22 mm x 15 mm OD
1044186	Adapter 22 mm x 22 mm OD

Circuit and device filters

Clean air with each breath

Foam filter (1029330)



Bacteria filter (C06417 1/pk, C06418 50/pk)

Bacteria filter (342077 10/pk)

Part number	Description	Box quantity
1029330	Foam filter	2/pk
C06417	Bacteria filter, 22 mm, single-use	1/pk
C06418	Bacteria filter, 22 mm, single-use	50/pk
342077	Bacteria filter, 22 mm, single-use	10/pk
1147018	Bacteria filter, 22 mm, single-use	10/pk
1147019	Bacteria filter, 22 mm, single-use	10/pk
1135776	Bacteria filter, 22 mm, single-use	10/pk

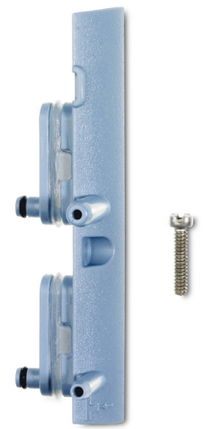
Bacteria filter (1147018 10/pk)

Port blocks

Can easily be swapped to meet your circuit preference

Choose the best available circuit and interface for your patients with the ability to use either an active or passive exhalation port. Trilogy's unique passive exhalation port eliminates extra tubing connections, resulting in fewer disconnections.

Passive porting block (1040372)



Active porting block (1054670)

Universal porting block (1040370)

Part number	Description
1040372	Exhalation port block, passive
1054670	Exhalation port block, active
1040370	Universal porting block,Trilogy 200/202

Not all products are available in all markets.

Humidification

Have more control over the humidity level

Airlife, pediatric
(C06273)

Airlife, adult
(C06274)

HMEs

Part number	Description	Box quantity
C06274	Airlife, adult	1/pk
