Highlights

WiFi Intelligent Control
Connect to the Philips CoolHome App for convenient remote operation. Adjust settings anytime, anywhere for effortless comfort.

Golden Fin
The golden hydrophilic fins have high heat exchange efficiency and certain corrosion resistance. And it can make the condensate water flow away quickly to reduce the adhesion of dust and avoid bacteria breeding.

Smart Core Self-clean
Automatically captures moisture from the air to deeply clean the evaporator.This not only delivers cleaner airflow but also ensures long-lasting,powerful operation of the core.

Turbo Cooling
Delivers powerful cooling in as fast as 30 seconds, quickly creating a comfortable environment.

Auto Restart with Memory
Automatically restores previous settings (mode, temperature, fan speed, and swing) after a power outage—no need to reset manually.

Sleep Mode
Automatically adjusts cooling based on ambient temperature and body temperature for a quieter, more restful night's sleep.

DN Multi-Dimensional Noise Reduction System
Optimized air duct design, advanced refrigerant flow, and structural engineering minimize noise for whisper-quiet operation.

Automatic 4-way Swing
One-touch “Comfort Wind” function with automatic left–right sweep delivers personalized airflow to suit different preferences and age groups.

LED Backlight Display
Easy-to-read LED display for clear visibility, even at night.

Filter Dirty Alarm
Smart reminder after 1,000 hours of operation alerts you to clean the filter, ensuring optimal performance and healthier airflow.
