

Philips OptiChamber
Diamond
Valved Holding Chamber
with Mask

Large LiteTouch Mask included
Compact design 140 ml volume
For common asthma medications

HH1308

Helping you stay in control

Designed to improve medication delivery

OptiChamber Diamond is designed to allow medication to be delivered to the lungs. The anti-static material inside the tube allows the aerosol to be suspended for longer, giving you more time to inhale.(1,2)

Effective treatment

- Get medicine to the lungs**

Comfort

- Optional mask contours to face to make it easier to fit
- One-size-fits-all mouthpiece

Designed for performance

- Special features make it easy to use and maintain
- Low-resistance valves let you breathe easily
- Anti-static valved holding chamber gives you more time

For commonly prescribed medications

- For commonly prescribed medications

PHILIPS

Highlights

Get medicine to the lungs

OptiChamber Diamond is designed to improve aerosol delivery to the lungs and can help you maximise the effectiveness of your inhaled therapies.

Breathe easier

Low resistance valves

Low resistance valves open freely, even under low flow rates from children, allowing you or your child to breathe easily through the chamber.*

Compatible

OptiChamber Diamond is designed for use with all of your commonly prescribed inhaler medications.

Easy use, easy maintenance

The adapter keeps your inhaler securely in place, while the built-in whistle lets you know if you are

breathing in too fast. Both the mouthpiece and adapter are easily removed for cleaning.

Time to breathe

OptiChamber Diamond is designed to allow medication to be delivered to the lungs. The anti-static material inside the tube allows the aerosol to be suspended longer, giving you more time to inhale.*1

Comfort

The detachable LiteTouch facemask has a soft contoured cushion that fits easily and rests gently on the face to provide a more comfortable treatment. The SoftTouch seal helps reduce leakage.**

For adults and children

Designed with a stepped mouthpiece, the OptiChamber Diamond can be used by both children and adults.

Specifications

Product details

- For use with: Adults
- Length: 14.2 cm (5.6")
- Mouthpiece: Interfaces w 22 mm connectors
- Volume: 140 ml

Package contents

- Include: Large LiteTouch Mask, OptiChamber Diamond

Maintenance

- Cleaning: Warm water and liquid soap
- Life span data: Replace after one year

Material

- Chamber: Acrylonitrile Butadiene Styrene
- LiteTouch mask: Polyester, Silicone
- Valves: Silicone
