HH1433/00

## Highlights

#### **Convenient for travel**

Offers easy portability, ideal for camping and travelling. The battery pack uses the power supply from the Philips sleep therapy device to reduce the number of cords needed for travel. And it meets FAA requirements for airplane travel.

#### Peace of mind

UPS helps reduce therapy disruptions. Continuously connecting the battery kit to the patient's Philips Respironics sleep therapy device's power supply keeps it charged and ready for travel or UPS protection.

#### **Compact and lightweight**

Fits conveniently in the carrying case.

Manage therapy away from home The battery pack provides more than 14 hours of battery life for PAP devices. PAP run-time test conditions: CPAP mode, pressure 10 cm H2O, no heated humidification or heated tubing.
