Comprehensive Pinnacle product and clinical applications resources to support clinical excellence

Meaningful learning for enhanced patient care

Philips offers educational Pinnacle courses and resources that support clinical excellence, instill confidence, and enhance workflow and productivity. We share expert user knowledge and perspectives and provide tips and tricks to increase efficiency so that you can spend more time focusing on the needs of your patients.

- Learn to make the most of Pinnacle treatment planning in a clinical setting – to help streamline workflow and enhance patient care.
- Become proficient in Pinnacle applications and elevate problem-solving skills via real-world case studies.
- Discover how to reduce operational costs by reducing errors, exam times, and retakes.

Pinnacle Webinar Series

Philips conducts remote peer-to-peer webinar trainings designed for all users, both new and experienced, who want an overview and better understanding of Pinnacle and its applications. Past topics have included:

- Pinnacle Physics... The Basics
- IMRT vs. VMAT Planning
- Dynamic Planning
- Pinnacle Auto-Planning
- A Potpourri Collection of Pinnacle Knowledge
- Simplifying Commissioning Process in Pinnacle
- Getting most of IMRT & SmartArc
- Contouring with Model Based Segmentation & Auto-Contouring with SPICE

These Pinnacle webinars, and many more, may be accessed through our **Philips Learning Connection** site:

- www.philips.com/pinnacle-education

AAMD webinars

Philips sponsors additional Pinnacle webinars in association with the American Association of Medical Dosimetrists (AAMD). Previous topics have included:

- Hippocampal Sparing and SIB Planning Tips
- Auto-Planning with CDR: A Clinical Review
- SBRT for Lung Cancer

These webinars may be accessed through the AAMD website below:

- www.medicaldosimetry.org/onlinececenter/webinars.cfm
