DreamWisp Frame Replacement

Size: Small

HH1146/00

Sleep comfortably at every turn

Combining DreamWear's top-of-the-head tube design with Wisp's minimal contact nasal cushion, DreamWisp gives you the freedom to sleep in any position throughout the night.

Minimal parts

- A desired fit with minimal parts

Innovative design

- A modular design for more options

Renew your product with original Philips parts

- Easily renew your product with original Philips parts

Highlights

Designed with minimal parts

DreamWisp's head gear is designed to perform with exceptional comfort. The four-point headgear is styled to provide stability with fewer parts, while the soft, lightweight frame doubles as the DreamWisp's airflow channel. That means fewer components that come in contact with you as you sleep, so that you can enjoy comfortable therapy — all night, every night.

Replacement part

From time to time your product needs a facelift, and with Philips consumer replacement parts to renew your product, it's never been so easy! All this with guaranteed Philips quality.

Freedom to choose

The modular design of the DreamWisp auto seal cushion allows users to choose the cushion that works best for them, all on one frame.
