Highlights

Slip-resistant design

The headgear's unique slip-resistant design keeps your mask in place throughout the night. In a recent study, 98% of gel pillows¹ and 94% of nasal users² stated that the updated headgear on DreamWear masks stays in place during use.

Comfortable therapy

Enjoy comfortable therapy — every night. DreamWear headgear with arms is designed to enhance comfort for our DreamWear gel pillows and nasal masks. In Fact, 96% DreamWear gel pillows¹ and 94% of nasal users² surveyed said they slept comfortably while wearing the DreamWear mask with the updated headgear.

Exceptional fit and seal

The redesigned DreamWear headgear, now with arms, designed to reduce leaks and deliver performance. DreamWear gel pillows¹

and nasal users² said that they were more satisfied with the fit & seal** of the DreamWear mask with the updated headgear than their prescribed mask.

Stability and comfort

With an innovative design, DreamWear headgear with arms helps reduce slippage by delivering additional stability as you sleep. The headgear arms work like eyeglass arms, helping reduce mask and headgear movement when being used. And, we can prove it. 85% of DreamWear gel pillows¹ and 88% of DreamWear nasal users² said our masks with the updated headgear were more stable than the original headgear.

Sleep the way you dream about

DreamWear headgear with arms is designed for a more satisfied quality of sleep. A majority of gel pillows¹ and nasal users² surveyed stated that they were more satisfied with the quality of their sleep with the DreamWear mask with the updated headgear.
