

Philips
DECT baby monitor

SCD590/54

Guaranteed zero interference

With DECT digital technology and 2 parent units

This digital technology provides a secured, private connection, because you want to be the only one listening to your baby. Automatically chooses an unused channel and switches as it detects another device using the same channel.

Complete peace of mind

- Guarantees zero interference from any other device
- Provides the ability to allow you to talk back to the baby
- Indicates a continuous connection between the two units
- Uses lights to indicate if the baby makes noise

Ultimate mobility in and around the house

- The neck cord provides hands-free convenience and mobility
- Belt clip and neck cord for hands-free convenience
- Now both parents can monitor baby
- Rechargeable parent unit for minimum 24 hours of monitoring
- Small, mobile parent unit to freely roam around the house
- 300 m range ensures secure reception in and around the house

Soothing words

- Comforts the baby in the dark with soothing stars
