

Philips
Ultrasonic Humidifier

SCH580

A healthy climate for your baby

Helps sustain temperature and humidity level

By creating a comfortable humidity level, the ultrasonic humidifier will help protect your baby against sore throats and irritation to the mucous membrane. This has a positive effect on building up resistance to infection.

Reassurance on your baby's wellbeing

- Prevents mucous membrane irritation
- Helps maintain baby-soft skin
- Monitor the ideal humidity and temperature

Convenience for you and your baby

- Adjustable mist output
- Your baby can sleep peacefully due to silent operation
- No condensation due to ultrasonic vaporation principle

Baby's safety

- Automatic switch-off for the safety of your baby.
- Completely safe, cool mist output

PHILIPS
sense and simplicity

Specifications
