

Small

SCF156/00

Helping you to breastfeed longer

Protects sore nipples

Made of ultra-fine, soft, odourless, taste-free silicone that protect sore or cracked nipples during breastfeeding.

Benefits and features:

- Made with odorless, tasteless, ultra-fine silicone
- Shaped to allow skin contact with baby
- Protect sore nipples during breastfeeding

Highlights

Shaped to allow skin contact with baby

Your baby can still feel and smell your skin and continue to stimulate your milk supply while suckling, and will return easily to the breast once your nipples are healed.

Protect sore nipples during breastfeeding

Nipple Protectors are only designed for use when you have sore or cracked nipples and should be used with health professional advice.
