AVENT

Feeding bottle

Classic

11oz

Variable Flow Nipple

SCF686/17

Less fussing, especially at night*

Less colic**

Fussing is by far the most commonly known crying behavior in babies. Clinical studies show that the Philips AVENT Bottle SCF686/17 significantly reduces colic and fussing. Fussing is reduced especially at night*

More comfortable feed at baby's chosen pace

- Easy latch on due to the unique skirt on the nipple

Reduce fussing and discomfort

- Clinically proven to significantly reduce fussing**

Air goes into the bottle, not baby's tummy

- Unique two piece anti-colic system

Easy to hold and grip in any direction

- Ergonomic shape for maximum comfort

Other benefits

- This bottle is BPA free*
- Simple to use and clean, quick and easy assembly
- Compatible with the majority of the Philips AVENT range
- Different flow rate nipples available
- Always use the adapter ring

Highlights

Easy latch on

Unique skirt on the nipple flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby for more comfort.

Significantly reduces fussing

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant feeding bottle design affects "infant behaviour". The Philips AVENT Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs 74 min, $p=0.05$). This was especially true during night-time.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Unique anti-colic valve

The unique two piece anti-colic system consists of the Philips AVENT nipple and adapter ring. As your baby feeds, the unique skirt on the nipple flexes to allow air into the bottle instead of your baby's tummy.

This bottle is BPA free*

The Philips AVENT Classic bottle is made of BPA free* material (polypropylene).

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Compatibility across the range

The Philips AVENT Classic bottle is compatible with the majority of the Philips AVENT range. We advise to use the Philips AVENT Classic baby bottles only with Philips AVENT Classic feeding nipples.

Fit your baby's growing needs

The Philips AVENT Classic bottle offers different flow rates to keep up with your baby's growth. Remember that age indications are approximate as babies develop at different rates. All nipples are available in twin packs.

Adapter ring

Remember to always use the Philips AVENT Classic bottle with the adapter ring (included with every Philips AVENT Classic bottle).

Specifications
