

PHILIPS

AVENT

Freeflow pacifiers

0-6m

SCF132/42

Extra airflow for sensitive skin

Six holes in the shield for baby's greater comfort

Avent orthodontic, collapsible and symmetrical nipples respect the natural development of baby's palate, teeth and gums. All Avent pacifiers are made of silicone and are taste and odour-free. Colours are subject to change.

Benefits and features:

- Orthodontic, symmetrical collapsible nipple
- User-friendly silicone teats
- Snap-on protective cap
- Security ring handle
- Curved ventilated shield

Highlights

Specifications

Orthodontic, symmetrical collapsible teat

Flat, drop-shaped symmetrical teats respect the natural development of your baby's palate, teeth and gums, even if the pacifier ends up upside-down in the mouth.

User-friendly silicone teats

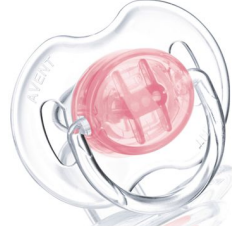

Silicone is taste and odor-free so it's more likely to be accepted by your baby.

Snap-on protective cap

To keep sterilized nipples hygienic

Security ring handle

For easy removal of the Philips Avent pacifier at any time

Curved ventilated shield

Extra air holes in the shield allow more air to flow behind and around the pacifier for greater comfort, ideal for baby's sensitive skin as it reduces saliva build-up and the risk of skin irritation

Country of origin

England
