

PHILIPS

AVENT

Digital thermometer
set

SCH540/00

Gentle and accurate

Combining a digital and a soother thermometer.

Helping you to get a measurement of your baby's temperature, without upsetting it. The soother thermometer SCH540/00 uses the same shield and teat as the AVENT Freeflow soother for easy transition from soother to temperature measurement.

Comfort for your child

- Choice to adapt temperature measurement method to suit baby
- Soft, flexible tip digital thermometer
- Specially designed pacifier thermometer

Fast and reliable digital temperature readings

- Clear measurement displays and battery status indicators
- Battery low indicator

Convenient for you and your baby

- Includes AVENT Freeflow Pacifier
