

## Gentle and accurate

Combining a digital and a soother thermometer.

Helping you to get a measurement of your baby's temperature, without upsetting it. The soother thermometer SCH540/00 uses the same shield and teat as the AVENT Freeflow soother for easy transition from soother to temperature measurement.

## **Comfort for your child**

- · Choice to adapt temperature measurement method to suit baby
- · Soft, flexible tip digital thermometer
- · Specially designed pacifier thermometer

## Fast and reliable digital temperature readings

- · Clear measurement displays and battery status indicators
- Battery low indicator

## Convenient for you and your baby

· Includes AVENT Freeflow Pacifier
