- Snap-on cap helps keep your baby's soother clean

Easy to clean

- Easy to sterilise for extra hygiene

Highlights

Bite-resistant teat

This soother's bite-resistant teat is designed especially for older babies.*

Extra airflow

Skin needs to breathe, especially your little one's. Our shield has 6 air holes for extra airflow, designed to reduce skin irritation.

Made in the UK

You can be sure that your little one's comfort is in good hands. This soother was made at our award-winning site in the UK.*

Security handle

Our security handle lets you easily remove your baby's soother at any time. Even little hands can grab it!

Snap-on cap for hygiene

When the soother isn't in use, simply snap on the cap before storing to keep the teat safe and clean.

Easy to sterilise

Keeping your little one's Soothies and soothers clean is easy. Simply put them in your steriliser or submerge in boiling water.

Advice on de-soothing

Our Parent Infant Clinical Psychologist shares friendly methods and helpful tips about de-soothing on www.philips.com/sootherfree. These tips and tricks will help your child with the transition to become soother free.
