Highlights

Orthodontic teat

Philips AVENT flat, drop-shaped symmetrical teats respect the natural development of your baby's palate, teeth and gums, even if the soother ends up upside down in the mouth.

User-friendly silicone teats

The Philips AVENT silicone teat is taste- and odour-free so it's more likely to be accepted by your baby. The silicone is smooth, transparent

and easy to clean, and it doesn't get sticky. The teat is strong and long-lasting, and won't become misshapen or discoloured over time.

Snap-on protective cap

To keep sterilised teats hygienic

Security ring handle

For easy removal of the Philips AVENT soother at any time
