SCF154/30

Comfort with confidence...naturally

Eco-Friendly

For maximum dryness. Soft and discreet, contoured shape

Eco-Friendly

- Better for You. Better for the Environment
- Contains natural materials*

Contoured shape

- Soft and discreet

Highlights

Better for the Environment

1. Super absorbent breast pads protect you and your clothes from embarrassing leaks and stains. 2. Supersoft material that's cushioned for extra comfort. 3. Fully breathable to keep you feeling fresh.

Contains natural materials*

* With Philips Avent Eco-Friendly Breast Pads you can flush, compost or even put them out with the trash. Everything that goes in to making our breast pads gets reabsorbed by the planet in a neutral or beneficial way.
