Infant Starter Set

SCD364/01

## Clinically proven to reduce colic and discomfort\* Easy to clean, healthier feeding

Our trusted Classic range has been improved to provide an even more enjoyable feeding experience. The clinically proven, anti-colic system is now integrated into the nipple, making the bottle extra easy to clean and assemble.

### Clinically proven to reduce colic and discomfort\*

- Anti-colic system proven to reduce colic\*
- Fussing is reduced, especially at night
- Baby controls milk flow for less spit-up, burping and gas

### Benefits and features:

- This bottle is BPA free
- Curved brush head and molded tip
- Holds enough powdered formula for three 260 ml/ 9 oz feeds
- Orthodontic pacifier

# Highlights

## Less colic

Unlike other bottles, the clinically proven anti-colic system is now integrated into the nipple, making it easier to assemble the bottle correctly. As your baby feeds, the unique valve on the nipple opens to allow air into the bottle instead of your baby's tummy.

## Less fussing\*

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behavior". The Philips Avent Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs 74 min, p=0.05). This was especially true during the night-time.\*

## Less spit-up, burping and gas

The unique valve on the nipple flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby to minimise overeating and spit-up, burping and gas.

## BPA free

Philips Avent anti-colic bottle is made of BPA free material (PP).

## Bottle and nipple brush

Specially curved brush head and molded handle-tip reach the corners of all types of bottles, nipples and feeding equipment for thorough cleaning.

## Holds enough formula for three 260 ml/ 9 oz feeds

The Philips Avent milk powder dispenser holds 3 pre-measured doses of milk powder - ideal for travel

## Orthodontic pacifier

The orthodontic, collapsible nipple of the translucent pacifier respects the natural development of baby's palate, teeth and gums. All our pacifiers are made from silicone and are taste and odour-free.

# Specifications

## Bottle

**Material:** BPA free\*

## Design

**Bottle design:** Ergonomic shape, Wide neck

## Development stages

**Stages:** 0-12 months

## Ease of use

**Ease of use:** Dishwasher & microwave safe,  
Easy to assemble, Easy to clean, Easy to hold
