Complete freedom in and around the house

- The parent unit is always ready to accompany you
- Up to 300 m range to ensure a secure reception
- Parent unit with belt clip and neck strap
- Pouch protects both units while traveling

Highlights

Zero interference with DECT

DECT (cordless telecommunication) guarantees zero interference and a secure private connection between you and your baby

Room thermometer

Safely monitor the temperature of your baby's room from the parent unit.

Parent talk-back

Two-way intercom to reassure your baby with your own voice.

Starry nightlight

Nightlight with soothing stars to comfort your baby.

Five lullabies

Play gentle lullabies to soothe baby to sleep.

Rechargeable parent unit

Enjoy complete freedom in and around the house. The parent unit is rechargeable and always ready to accompany you.

Up to 300 m range

Move freely in and around the house within a range of maximum 50 meters indoor and up to 300 meters outdoor (in ideal open-air conditions).

Easily portable parent unit

Easily carry the parent unit with you everywhere in and around the house with the belt clip or neck strap

Travel pouch

Protect the baby unit and the parent unit while traveling.
