# Soft, ribbed teat for easy latch on

The Philips Avent Essential nipple helps to make bottle feeding easier for your baby and you. The soft ribbed design makes it easy for baby's mouth to seal on the nipple.

# Soft ribbed nipple

• Easy and comfortable feeding

## Anti-colic system

· Air goes into the bottle, instead of baby's tummy

#### Leak prevention

Secure and leak-free storage and travel

### **Other benefits**

• This bottle is made from PP - a BPA Free material

# Highlights

# 0% BPA (Bisphenol A Free)

This bottle is made from PP - a BPA Free material

### Easy feeding

The soft ribbed design of the nipple makes it easy for baby's mouth to seal on the teat, allowing easy and comfortable feeding. Anti-colic system

The anti-colic valve flexes to allow air into the bottle, helping to prevent gas from going into baby's tummy.

## Secure and leak-free storage

The bottle will not leak while feeding your baby and the dormal cap seals the teat for secure and leak-free storage and travel. SCF968/21
