- Clinically proven to significantly reduce fussing
- Ergonomic shape for maximum comfort
- Clinically proven anti-colic system
- Always use the adapter ring
- Five different nipple flow rates are available

Other benefits

- Classic bottle and free flow soother are BPA free*
- The ideal gift for new moms and their precious newborns

Highlights

Easy latch on

Unique valve on the nipple flexes to your baby's feeding rhythm. Milk will only flow at the pace chosen by your baby to minimize overeating and spit-up, burping and gas

Unique anti-colic system

As your baby feeds, the unique valve on the nipple flexes to allow air into the bottle instead of your baby's tummy.*

Adapter ring

Remember to always use the Philips Avent Classic bottle with the adapter ring (included with every Philips Avent Classic bottle).

Ergonomic shape

Due to the unique shape, the feeding bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

BPA free* bottle and soother

Philips Avent Classic bottle and free flow soother are BPA free*.

Significantly reduces fussing

Sleep and nutrition are vital to your baby's health and happiness. A randomised clinical trial was carried out to see whether infant baby bottle design affects "infant behavior". The Philips Avent Classic baby bottle was shown to significantly reduce fussing by approximately 28 minutes a day as compared to the comparator bottle (46 min vs 74 min, p=0.05) This was especially true during the night-time.**

Fits your baby's growing needs

Five different nipple flow rates are available.

User-friendly silicone nipples

The Philips Avent silicone nipple is taste and odor-free so it's more likely to be accepted by your baby. The silicone is smooth, transparent, easy to clean and it doesn't get sticky. The nipple is strong, long-lasting and won't become mis-shapen or discolored over time.

Ideal gift for mom and baby

This gift set is the ideal gift for new moms and their precious newborns.

Orthodontic nipple

Philips Avent flat, drop-shaped symmetrical nipples respect the natural development of your baby's palate, teeth and gums, even if the pacifier ends upside-down in the mouth.

This bottle is BPA free

The new Philips Avent Natural bottle is made of BPA free material (polypropylene)
