

Philips  
DECT baby monitor

SCD589/54

## Guaranteed zero interference

With DECT digital technology

This digital technology provides a secured, private connection, because you want to be the only one listening to your baby. Automatically chooses an unused channel and switches as it detects another device using the same channel.

### Complete peace of mind

- Remotely monitor the baby's room temperature
- Guarantees zero interference from any other device
- Indicates a continuous connection between the two units
- Provides the ability to allow you to talk back to the baby
- Uses lights to indicate if the baby makes noise

### Ultimate mobility in and around the house

- Travel pouch for easy storage
- The neck cord provides hands-free convenience and mobility
- Rechargeable parent unit for minimum 24 hours of monitoring
- Small, mobile parent unit to freely roam around the house
- 300 m range ensures secure reception in and around the house

### Soothing words

- Comforts the baby in the dark with soothing stars
- Five lullabies soothe baby to sleep
