

PHILIPS

HP 505

Let's make things better.

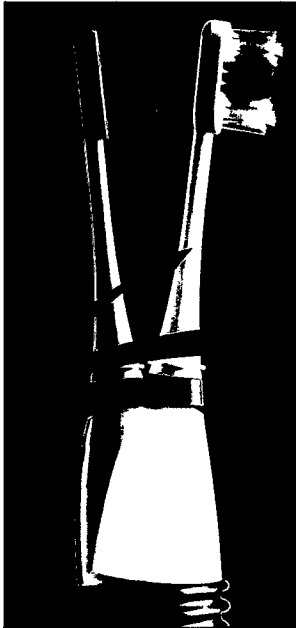

PHILIPS

HP 505

The Philips Dental Logic HP 505 electric toothbrush fulfils the core consumer need of clean and healthy teeth through its unique pressure control system. This system ensures that all the bristles remain upright so that it penetrates and removes plaque effectively. Brushing correctly with a manual brush is difficult and time consuming. The Dental Logic system has more than 4200 movements/per minute plus the pressure control system that help you keep your teeth clean and healthy.

FEATURES

Pressure Control System

Contour brush (4 brushes)

Clean & Clear brushing system

Charging light

Brush storage container

Wall bracket

Cord storage
