# Highlights

## Patented sonic technology

Sonicare's unique dynamic action gently and effectively reaches deep between teeth and along the gumline.

## Angled brush head neck

Uniquely angled brush head neck makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

## Naturally whiter teeth

Dynamic Cleaning Action and direct broader contact with each tooth have been proven to remove everyday stains and help keep teeth naturally whiter.

## Safe and gentle

Your Sonicare is safe to use on: braces (brush heads wear out sooner when used on braces), dental restorations (fillings, crowns, veneers) and periodontal pockets.

## Smartimer

Two-minute timer helps ensure Dental Professional recommended brushing time

## Quadpacer

30 seconds interval timer indicates when you have completed each quadrant of your mouth and signals for you to move on, resulting in more consistent cleaning throughout your mouth

## Easy-start programme

Gently increases power over the first 14 uses to ease into the Sonicare experience

## Clean and White Mode

2 minutes of Clean mode with an additional 30 seconds of White mode to focus on your visible front teeth. Removes everyday stains, such as coffee, tea, tobacco and red wine. Whitens teeth by 2 shades in just 2 weeks, with the regular use of the Clean and White

## Clean Mode

Clean Mode: Standard 2 minute mode for outstanding clean

## Gentle teeth and gum cleaning

Sensitive Mode: Gentle, yet thorough cleaning for sensitive gums
