- Clean and White Mode: proven to remove stains
- Clean Mode: Standard 2 minute mode for outstanding clean
- Sensitive Mode: Gentle teeth and gum cleaning

Provides a superior clean

- Dynamic cleaning action drives fluid between teeth
- Angled brush head neck for better reach to back teeth

PHILIPS
sonicare

sense and simplicity

Highlights

Patented sonic technology

Sonicare electric toothbrush's unique dynamic action gently and effectively reaches deep between teeth and along the gumline.

Angled brush head neck

The uniquely angled brush head neck of this toothbrush head makes it easier to reach back teeth, removing plaque in those hard-to-reach areas.

Naturally whiter teeth

The Dynamic Cleaning Action of this toothbrush and the direct broader contact with each tooth, has proven to remove everyday stains, to help keep teeth naturally whiter.

Safe and gentle

Your Philips Sonicare Electric Toothbrush is safe to use on: braces (brush heads wear out sooner when used on braces), dental restorations (fillings, crowns, veneers) and periodontal pockets.

Smartimer

2-minute timer on this toothbrush helps ensure dental professional recommended brushing time

Quadpacer

30 seconds interval timer indicates when you have completed each quadrant of your mouth and signals for you to move on resulting in more consistent cleaning throughout your mouth

Easy-start program

Gently increases power over first 14 uses to ease into the Philips Sonicare electric toothbrush experience

Clean and White Mode

2 minutes of Clean mode with an additional 30 seconds of White mode to focus on your visible front teeth. Removes everyday stains, such as coffee, tea, tobacco and red wine. Whitens teeth by 2 shades in just 2 weeks, with the regular use of the Clean & W

Clean Mode

Clean Mode: Standard 2 minute mode for outstanding clean

Gentle teeth and gum cleaning

Toothbrush with Sensitive Mode: Gentle, yet thorough cleaning for sensitive gums
