Their techniques may vary, but their results won't

Our first brush with Adaptive Cleaning Technology

At the core of this technology are two components: the AdaptiveClean brush head and an intuitive pressure sensor. Both features help your patients to brush smarter.

Provides a superior clean

- Patented Sonicare toothbrush technology
- AdaptiveClean brush head
- Customizable brushing experiences

Guides you to follow dental recommendations

- Intuitive pressure sensor

Proven to improve oral health

- Quadpacer
- Smarttimer

Highlights

Sonic technology

Drives fluid between the teeth and along the gumline for a powerful yet gentle clean.

AdaptiveClean brush head

Soft, flexible sides made of rubber allow the bristles to conform to the unique shape of patients' teeth and gums to provide up to 4x more surface contact*. The brush head's flexibility helps the bristles gently track along the gumline and absorb excessive brushing pressure. Enhanced sweeping motion delivers a unique in-mouth feel and superior cleaning along the gumline and in hard-to-reach areas*. Proven to remove 10x more plaque than a manual toothbrush in hard-to-reach areas*.

Intuitive pressure sensor

If too much pressure is applied, the handle gently pulsates to tell patients they are brushing too hard to guide proper technique. In

a study of U.S. patients, 7 out of 10 aggressive brushers tested reduced their brushing pressure when using the pressure sensor.

Custom brushing experiences

Three intensity settings and three cleaning modes provide optimal comfort and performance for a more personalized brushing experience, encouraging better compliance. The three-minute Deep Clean mode delivers an exceptional clean in hard-to-reach places. It's the perfect mode for patients who need to pay extra attention to trouble spots.

Quadpacer

Thirty-second interval timer encourages thorough brushing of each quadrant of the mouth.

Smarttimer

Two-minute timer helps ensure dental professional recommended brushing time.

Specifications

Modes

Clean: For exceptional everyday clean
White: Removes surface stains
Deep Clean: For an invigorating deep clean
3 intensities: Low, Medium, High

Items included

Handles: 1 FlexCare Platinum
Brush heads: 2 AdaptiveClean standard
Charger: 1
Travel case: 1

Design and finishing

Color: Platinum gray

Cleaning performance

Speed: Up to 62000 brush movement/min
Performance: Removes up to 10x more plaque*
Health benefits: Improves gum health in only two weeks
Whitening benefits: Helps naturally remove stains
Timer: SmartTimer and Quadpacer
Pressure sensor: Vibrates handle to alert user

Ease of use

Brush head system: Easy click-on brush heads
Brushing time: Up to 3 weeks***
Battery indicator: Light shows battery status
Handle: Slim ergonomic design
Display: Illuminated display

Technical specifications

Battery: Rechargeable
Operating time (full to empty): Up to 3 weeks**
Battery type: Lithium ION

Power

Voltage: 110-220 V

Service

Warranty: 2-year limited warranty
