

# Philips Sonicare Toothbrush heads

Superior cleaning for sensitive teeth and gums The Philips Sonicare Sensitive toothbrush head is perfect for those who seek relief from painfully sensitive teeth and gums. Innovative bristle design softly sweeps plaque away Removes more plaque than a manual toothbrush .

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability

## Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.
