## Superior cleaning in seconds.\*

Cleans and protects growing smiles ages 7+

The Sonicare For Kids toothbrush head is perfect for small mouths with growing teeth. It works exclusively with the For Kids power toothbrush, and together they deliver a safe and more pleasant experience that kids find fun and habit-forming.

### Thorough clean feeling in your child's mouth

- Up to 75% more effective than a manual toothbrush

### Designed to optimise performance

- Age 7+
- Reminder bristles ensure they're getting an effective clean
- Superior cleaning maximises every second
- Engineered to maximise sonic motion

### Proven to improve oral health

- Part of a better oral healthcare routine

### A brush head that fits multiple handles

- Snap-on design for simple brush head replacement

# Highlights

## Age 7+

The Philips Sonicare For Kids standard toothbrush head features a contoured profile to fit your child's teeth age 7+ and soft bristles for a gentle cleaning experience. Also features rubber moulding on the back of the brush head for safer, more pleasant cleaning. Also available in a smaller compact size for Kids age 4+.

## Better check-ups guaranteed

The Philips Sonicare For Kids brush head is clinically proven to provide superior plaque removal compared with a manual toothbrush. Start your kids off with more protection from decay and more pleasant dental visits. Better check-ups guaranteed or your money back.

## Superior cleaning in seconds

Our sonic power enables you to take full advantage of the limited amount of time your kids spend brushing as they build healthy habits and perfect their brushing technique.

## Maximised sonic motion

Sonicare brush heads are vital to our core technology of high-frequency, high-amplitude brush movements performing over 31,000 brush strokes per minute. Our unparalleled sonic technology fully extends the power from the handle all the way to the tip of the brush head. This sonic motion creates a dynamic fluid action that drives fluid deep between teeth and along the gumline for superior yet gentle cleaning every time.

## Snap-on brush head system

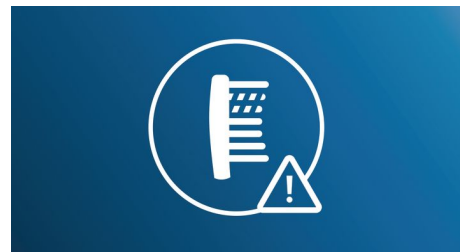

The Philips Sonicare For Kids brush head snaps on and off your brush handle for a secure fit and easy maintenance and cleaning.

## Better oral healthcare

Like all authentic Philips Sonicare-branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

## Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help you recognise when it's time for a replacement. For optimal results, replace the brush head every three months.

# Specifications

## Items included
