Sensitive teeth? Want a whiter smile? No problem

Professional take-home whitening treatment

The healthy whitening treatment for sensitive teeth. With Philips Zoom DayWhite Gentle, you can get the bright, healthy smile you want with little to no sensitivity

Professional-quality results

- A custom whitening experience designed for you
- Experiencing sensitivity?

Highlights

A formula designed for you

We've taken our same superior formulas and redesigned them to fit the needs of every patient. Whether you want a gentle treatment or maximum shades fast, we've got a custom-fit solution for you. With a customizable option for every smile and superior formulas developed to minimize sensitivity and improve whitening luster, it's no wonder Philips Zoom is the No.1 patient-requested professional whitening brand in the U.S.

Experiencing sensitivity?

For ongoing take-home sensitivity treatment, replace your existing toothpaste with a toothpaste containing 5% potassium nitrate and use twice daily. If additional sensitivity relief is needed, use Relief ACP before each whitening treatment.
