Superior cleaning. Whiter teeth.

Toothbrush head for whiter teeth

Replacement brush head for the Sonicare electric toothbrush. Best performance for cleaning and whitening

Sonicare's best plaque removal

- Removes up to 100% more plaque than a manual toothbrush*

Provides a superior clean

- Diamond-Shaped bristles sweep away plaque
- 44% more bristles for a more thorough clean
- Medium stiff bristles provide a firm, but gentle experience.

Designed to optimise performance

- Reminder bristles ensure you are getting an effective clean

A brush head that fits multiple handles

- Snap-on brush head

Highlights

44% more bristles

44% more bristles for a more thorough clean.

Diamond-Shaped bristles

Diamond-Shaped bristles create more scraping surfaces to sweep away plaque.

Medium stiff bristle

Medium stiff bristles provide a firm, but gentle experience.

Removes up to 100% more plaque

*Removes up to 100% more plaque from hard-to-reach places than a manual toothbrush

Reminder bristles

Reminder bristles let you know when to replace the brush head. After three months of normal use bristles exhibit fatigue, and brush heads are less effective. Replace your brush head every 3 months.

Snap-on brush head

Easy brush head placement and handle cleaning

Specifications

Ease of use

Suitable for these models: HealthyWhite, FlexCare, FlexCare+

Brush head system: Easy snap-on brush heads for optimal hygiene

Technical specifications

Operating time: For optimal results, a new brush head is recommended every three months.
