

PHILIPS

sonicare

Standard sonic
toothbrush heads

e-Series

2-pack

HX7002/20

Classic Clean

The e-Series brush heads are visibly angled for better reach within the mouth, providing a thorough everyday clean, while massaging and stimulating gums.

Easy to manoeuvre to focus on hard-to-reach areas

- Unique angled neck helps you reach back teeth

Designed to optimise performance

- Reminder bristles ensure you are getting an effective clean

A brush head that fits multiple handles

- Screw-on brush head for our original Sonicare handles

Highlights

Screw-on brush head

Screw-on brush head that will fit our original Sonicare handles

Unique angled neck

The slim angled neck enables you to easily manoeuvre the toothbrush head, particularly in hard-to-reach areas, to remove plaque.

Reminder bristles

Reminder bristles let you know when to replace the brush head. After three months of normal use bristles exhibit fatigue, and brush heads are less effective. Replace your brush head every 3 months.
