Cleaning in between teeth

HX9004/07

Superior cleaning.* Deeper reach between. Cleaning between teeth and in hard-to-clean areas

The Philips Sonicare InterCare toothbrush head is perfect for those who want to target plaque build-up between teeth, relieve bleeding and inflamed gums and reveal a healthy, beautiful smile.

Better plaque removal and gum care

- Removes up to 7 times more plaque than a manual toothbrush

Designed to optimise performance

- Improves gum health in just 2 weeks
- Designed to reach deeper and go further
- Reminder bristles ensure your most effective clean
- Engineered to maximise sonic motion

Proven to improve oral health

- Part of a better oral healthcare routine

A brush head that fits multiple handles

- Click-on design for simple brush head placement

Highlights

Improves gum health in 2 weeks

The Philips Sonicare InterCare toothbrush head is clinically proven to reduce gingival bleeding and inflammation in just 2 weeks.

Reach deeper and go further

This Philips Sonicare toothbrush head features extra-long, high-density bristles to target hidden plaque caught deep between teeth and other hard-to-clean areas.

Removes up to 7 x more plaque

The Philips Sonicare InterCare brush head is clinically proven to remove up to 7 times more plaque between teeth than a manual toothbrush after just four weeks of use.

Maximised sonic motion

Philips Sonicare brush heads are vital to our core technology of high-frequency, high-amplitude brush movements performing over 31,000 brush strokes per minute. Our unparalleled sonic technology fully extends the power from the handle all the way to the tip of the brush head. This sonic motion creates a dynamic fluid action that drives fluid deep between teeth and along the gum line for superior, yet gentle, cleaning every time.

Click-on brush head system

This brush head clicks on and off your brush handle for a secure fit and easy maintenance and cleaning. It fits all Philips Sonicare toothbrush handles except: PowerUp Battery and Essence.

Better oral healthcare

Like all authentic Philips Sonicare-branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help you recognise when it's time for a replacement. For optimal results, replace your brush head every three months.
