e series Brush Head – Compact Classic Clean

e series brush heads works in partnership with the handle's patented sonic technology to create dynamic cleaning action. Tapered brush head and unique angled neck make it easy to clean hard-to-reach areas and reduces plaque.

Features

- Ideal for targeted cleaning in mouth
- Designed to fit the natural shape of teeth
- Brush head easily screws on to the handle
- Reminder bristles
- Fits Advance, Elite, Essence and Xtreme handles

Highlights

Ideal for targeted cleaning

Angled neck and smaller brush head, provides an exceptional clean in hard-to reach areas. Also recommended for adults with smaller mouths.

Fits the shape of your teeth

The scalloped pattern along the length of the brush head is ergonomically designed to follow teeth topography, maximizing the surface area cleaned, and adheres to the natural shape of your teeth.

Brush head easily screws on

Screw the brush head nut clockwise until it's firmly tightened. If the brush head rattles during use, tighten the nut further.

Reminder bristles

Reminder bristles let's you know when to replace the brush head. After three months of normal use bristles exhibit fatigue, and brush heads are less effective. Replace your brush heads every 3 months.

Fits Advance, Elite, Essence

Now Advance users too can enjoy the performance of the e-series brush head! Fits Elite, Essence, Advance, and Xtreme handles.
