- Philips Sonicare's advanced sonic technology
- Automatically selects optimal mode for ultimate results****

Designed to optimize performance

- Always know when to replace. Always get an effective clean.
- Click-on design for simple brush head placement
- Tested to meet your oral health needs

Highlights

Focus on gum health

With the Philips Sonicare Premium Gum Care brush head, even the deepest clean is gentle. As your toothbrush moves along the gum line, Premium Gum Care's flexible sides and bristles absorb any excess pressure so your gums are protected, even if you brush too hard. Bristles work hard to remove plaque and bacteria along the gum line helping to improve gum health. Thanks to this brush head's curved design, you can be sure of maximized bristle contact.

Adaptive cleaning technology

You get a personalized clean every time you brush with our adaptive cleaning technology. Soft rubber sides flex to let Premium Gum Care adapt to the shape of your teeth and gums, absorbing any excess brushing pressure and enhancing our sonic cleaning power. Bristles can then adjust to the shape of your teeth and gums so you get up to 2x more surface contact than a regular brush head** for deeper cleaning even in hard-to-reach areas.

Say goodbye to plaque

Thanks to its flexible design, Premium Gum Care removes up to 10x more plaque than a manual toothbrush. It moves to enhance our unique Philips Sonicare cleaning technology so that however you brush, you get an exceptional clean you can see and feel.

Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Brush head replacement cues

Brush heads become less effective after 3 months of use, but with BrushSync™ you'll be reminded before this happens. Your smart toothbrush will track how often and how hard you brush, and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles, and when they turn white you'll know it's time for a fresh brush head.

Easy to click-on

Your Premium Gum Care brush head fits perfectly with any Philips Sonicare toothbrush handle, except PowerUp Battery and Essence. Simply click on and off for easy replacement and cleaning.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature****. The Philips Sonicare G3 Premium Gum Care brush head syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle****, selecting the optimal brushing mode and intensity level for exceptional gum care. All you need to do is start brushing.
