- High performance nozzle
- Triple burst customizable settings

The easiest way to effectively clean between teeth

- An easy way to improve cleaning between teeth
- Takes just 60 seconds: Point, Press, Clean!
- Fresh and clean with mouthwash

Highlights

Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.***

Micro-droplet technology

Our clinically-proven results are possible from our unique technology that combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

An easy way to start

Interproximal cleaning is very important to overall oral health. AirFloss is an easy way to clean deeper between teeth, helping to form a healthy habit. After three months of using AirFloss, 96% of inconsistent flossers continued to use AirFloss four or more days per week.

Better gum health

Philips Sonicare AirFloss Pro/Ultra is clinically proven to improve gum health as much as floss.** Helps improve gum health in as little as two weeks.

Cleans in just 60 seconds

With the AirFloss Pro/Ultra, patients can clean their entire mouth in less than 60 seconds a day. Patients simply select their desired burst frequency (single, double or triple) and hold down the activation button for continuous automatic bursts or press and release for manual burst mode.

Fresh and clean with mouthwash

Patients can use with mouthwash for the ultimate fresh experience and anti-microbial benefits.

Helps prevent cavities between

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro/Ultra helps prevent cavities from forming in the spaces between patients' teeth.

High performance nozzle

The new AirFloss Pro/Ultra high performance nozzle amplifies the power of our air and micro-droplet technology to be more effective and efficient than ever.

Triple burst customization

AirFloss Pro/Ultra's powerful spray can be customized to your patient's liking with single, double, or triple bursts for each press of the activation button.

Specifications
