## Designed for Comfort

Inspired by nature

Our unique pump is designed with an electronic memory that puts you in control by learning and continuing your personal pumping style.

### **Stimulate and Express**

- Soft massage cushions trigger natural let-down, like baby

### **Helps you breastfeed longer**

- More milk, naturally

### **Use three ways**

- By mains power, battery power and manual

### **Benefits and features:**

- Learns and continues your pumping rhythm

# Highlights

## Soft massage cushions

Patented massage cushions of the Philips Avent breast pump flex in and out, replicating baby's suckling action and is intended to help stimulate a fast natural let down.

## Mains, battery and manual

In addition to mains power, this single electronic pump can also operate using battery power and as a manual pump, for total flexibility.

## Learns and continues your pumping rhythm

Electronic memory learns and at the touch of a button, continues your personal pumping rhythm.

## More milk, naturally

Expression allows breast milk to be available, even when you can't be there
