Natural

SCD290/01

The natural way to start bottle feeding

Bottle, nipple and pacifier set

A handy collection including 4 Natural bottles (2x 4oz and 2x 9oz), a bottle and nipple brush, and a white translucent pacifier 0-6 months. The new bottle makes bottle feeding more natural, for easy combining breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped nipple

A more comfortable and contented feed for baby

- Unique Petals for a soft, flexible nipple without collapse

Vents air away from your baby's tummy

- Advanced anti-colic system with innovative twin valve

Easy to hold and grip in any direction

- Ergonomic shape for maximum comfort

Other benefits

- Orthodontic pacifier
- Bottle brush with curved brush head for easy cleaning
- Compatible with the Philips Avent Natural range
- Simple to use and clean, quick and easy assembly
- These bottles are BPA free*

Highlights

Natural latch on

The wide breast shaped nipple promotes natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Ergonomic shape

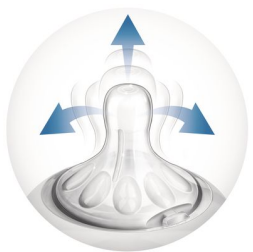

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Curved brush head

Specially curved brush head and molded handle-tip reach the corners of all wide neck bottles, nipples and feeding products for thorough cleaning.

Unique comfort petals

Petals inside the nipple increase softness and flexibility without nipple collapse. Your baby will enjoy a more comfortable and contented feed.

Orthodontic pacifier

The orthodontic, collapsible nipple of the translucent pacifier respects the natural development of baby's palate, teeth and gums. All our pacifiers are made from silicone and are taste and odour-free.

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Advanced anti-colic valve

Innovative twin valve designed to reduce colic and discomfort by venting air into the bottle and not baby's tummy.

Compatibility across the range

The new Philips Avent Natural bottle is compatible with the Philips Avent range, excluding Classic bottles and cup handles. We advise to use the Natural bottles with Natural feeding nipples only.

These bottles are BPA free*

The new Philips Avent Natural bottles are made of BPA free* material (polypropylene).
