AVENT

Manual breast
pump

Out and about set

SCF290/13

Express more. Quickly.

Enhanced efficiency from a manual breast pump

A manual breast pump offers you total control of the suction level and pumping rhythm. The unique Philips AVENT Manual Breast Pump assures you enhanced efficiency, being clinically proven to express more milk than a hospital electric pump.

Clinically proven effective

- Patented Let-down Massage Cushion

Flexible and portable

- Easy to assemble and use

Stimulate and Express

- Soft massage cushions trigger natural let-down, like baby

Benefits and features:

- With insulated travel bag and cool packs

Highlights

With insulated travel bag and cool packs

Everything you need to maintain your milk supply and to express and store your breast milk when away from your baby.

Patented Let-down Massage Cushion

Five, soft petal massagers of the Philips Avent breast pump gently flex in and out as you pump and work with the vacuum to imitate your baby's suckling.

Soft massage cushions

Patented massage cushions of the Philips Avent breast pump flex in and out, replicating baby's suckling action and is intended to help stimulate a fast natural let down.
