PHILIPS

Features

Protect sore nipples during breastfeeding

Philips Avent Nipple Protectors are only designed for use when you have sore or cracked nipples and should be used with health professional advice.

Easy latch on for your baby

Your baby can easily latch on through the shield and create a seal.

Made of ultra-fine silicone

The Philips Avent Nipple Protectors are made of an odorless, tasteless ultra-fine silicone.

Shaped to allow skin contact with baby

Your baby can still feel and smell your skin and continue to stimulate your milk supply while suckling, and will return easily to the breast once your nipples are healed.
