1 Bottle

11oz/330ml

Fast flow teat

6m+

SCF476

The most natural way to bottle feed

Natural latch on

Our new bottle with the soft and anti-collapse ribbed teat is designed for growing babies. The comfort petals and natural teat shape allows natural latch on and makes it easy to combine breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped teat
- Soft and smooth silicone for your baby's changing needs

Vents air away from your baby's tummy

- Unique anti-colic valve technology

High-quality and high-durability

- PA material is light, durable and transparent as glass

Other benefits

- Flexible, anti-collapse ribbed teat design
- BPA and BPS free*
- Simple to use and clean, quick and easy assembly
- Ergonomic shape for easy holding
- Compatible with Philips Avent range
- Different teat flow rates available in the range

Highlights

Natural latch on

The wide breast shaped teat promotes natural latch on similar to the breast, making it easy to combine breast and bottle feeding.

Soft and smooth silicone

The soft and smooth bite resistant silicone, is developed for your baby's changing needs.

Anti-colic valve technology

Reduces fussing and discomfort by venting air away from baby's tummy.

Made of Polyamide

The high-quality, imported PA material is a light but durable plastic, and as transparent as glass. Portable and resistant to high-temperature sterilisation, bottle can be used to heat up milk directly.

Flexible, anti-collapse design

The petals inside the teat and the ridge design, increase the teat softness and flexibility, guaranteeing no teat collapse for growing babies.

BPA and BPS free

The Philips Avent Natural PA bottle is made of BPA and BPS free material (polyamide).

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.

Ergonomic shape

Due to the unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Compatibility across the range

The high quality plastic Natural PA bottle is compatible with most Philips Avent breast pumps, spouts, sealing discs and cup tops. However, the handles are only compatible with the Philips Avent Natural PA high quality plastic bottle range, and they are not compatible with the Philips Avent Natural (PP) range. The handles are not recommended to use with glass feeding bottles.

Fits your baby's growing needs

0m	0m+	1m+	3m+	3m+	6m+	6m+
Extra soft and flexible				Soft and anti-collapse		

The Philips Avent range offers different teats for every development stage of your baby. With different teat softness, flexibility and design and with increasing flow rates that keep up with your baby's growth and development. Remember that age indications are approximate as babies develop at different rates.
