Highlights

Extra ventilation

Extra large air holes gently ventilate your baby's skin, keeping it soft and dry.

Glow in the dark

Use ultra air's glow-in-the-dark button to find your baby's pacifier quickly without having to switch on the lights.

Silky nipple

Everything about the ultra air pacifier is designed to feel light and comfortable, including the silky nipple.

98% nipple acceptance*

When we asked moms how their little ones respond to our textured silicone nipples, on average 98% said that their baby accepts Philips Avent ultra soft and ultra air pacifiers.

Healthy oral development

Look after your little one's oral development with a symmetrical nipple that respects the natural shape of their palate, teeth and gums.

Easy sterilization & storage

The ultra air travel case doubles as a sterilizer, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.
