Manual breast pump set with sterilizer

The breastfeeding set is ideal for moms who want a full package, from pumping, to feeding and cleaning up. It includes a variety of accessories: a manual breast pump, sterilizer, pacifiers and bottles.

Express - Manual Breast Pump

- Relaxing position, thanks to its special design
- Soft massage cushion gently stimulates milk flow
- Compact lightweight design
- Few separate parts and intuitive design

Feed

- Includes our Natural bottle and nipple for natural latch on

3-in-1 sterilizer

- Adjustable size
- Natural steam sterilizing kills 99.9% of harmful germs
- Suitable for wide neck and narrow neck bottles

Highlights

Relaxing position

The breast pump has a unique design, so your milk flows directly from your breast into the bottle, even when you are sitting up straight. This means you can sit more comfortably when pumping: no need for you to lean forward to make sure all your milk ends up in the bottle. Sitting comfortably and being relaxed when pumping, helps your milk to flow more easily.

Soft massage cushion

Our massage cushion has a soft velvety texture that gives a warm feel to the skin for comfortable, gentle stimulation of your milk flow. The iconic petal cushion is designed to mimic baby suckling, intended to gently help stimulate let down.

Easy on-the-go

The breast pump is small and lightweight, which means it is easy to store and transport, making pumping on-the-go more discreet.

Easy set up, express and clean

Few separate parts and intuitive design. Easily express milk for your baby, anytime.

Includes our Natural bottle

The wide breast shaped nipple promotes natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

3-in-1 sterilizer

Due to its adjustable size, this 3-in-1 Philips Avent sterilizer perfectly fits the items you would like to sterilize and always takes up the least amount of kitchen space. The 3-in-1 functionality gives you: 1) Small size configuration for sterilizing soothers 2) Medium size configuration for sterilizing breast pumps, toddler plates, knives, and forks 3) Large size configuration for sterilizing 6 baby bottles

Natural steam sterilizing

The sterilizer uses natural steam to sterilize baby bottles and other products, killing 99.9% of harmful germs without using chemicals. Perfect for giving you peace of mind that all your baby bottles and other products are sterile.

Fits all bottle types

The sterilizer has been designed to fit both wide neck and narrow neck bottles as well as different breast pumps and accessories. This gives you the freedom to choose the bottles and accessories that best suit you and your baby. At full capacity the sterilizer holds six 11oz / 330ml Philips Avent bottles.
