SCF349/10

A light, breathable pacifier for sensitive skin

Perfect for growing teeth and gums

Soothe your toddler with a pacifier that lets skin breathe and supports healthy oral development. ultra air 18M+ has extra-large air holes to keep sensitive skin soft and dry, and an extra firm nipple for growing teeth and gums.

Keeps baby's skin soft and dry

- Lets skin breathe
- Gently rests on skin

Designed especially for growing teeth and gums

- Respects the natural shape of palate, teeth and gums

Silky nipple for extra comfort

- The ideal texture for a feeling of comfort

Sterilize and store in one handy case

- Sterilize and store in one handy case

- Learn how to help your little one become pacifier free

Highlights

Extra ventilation

Extra large air holes gently ventilate your baby's skin, keeping it soft and dry.

Light, rounded shield

ultra air is designed with a lightweight shield and rounded edges for maximum comfort.

Orthodontic, extra firm nipple

Our symmetrical nipple respects the natural shape of your baby's palate, teeth and gums. It's also extra firm, which makes it ideal for growing mouths.

Silky nipple

Everything about the ultra air pacifier is designed to feel light and comfortable, including the silky nipple.

Easy sterilization & storage

The ultra air travel case doubles as a sterilizer, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.
