The natural way to bottle feed

Soft and anti-collapse nipple design

Our new soft and anti-collapse ribbed nipple is designed for growing babies. The comfort petals and natural nipple shape allows natural latch on and makes it easy to combine breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast shaped nipple
- Soft and smooth silicone for your baby's changing needs

Vents air away from your baby's tummy

- Unique anti-colic valve technology

A comfortable and contented feed for your baby

- Flexible, anti-collapse ribbed teat design

Highlights

Specifications

Natural latch on

The wide breast shaped nipple promotes a natural latch on similar to the breast. Designed to give a more comfortable and contented feed for your baby.

Soft and smooth silicone

The soft and smooth bite resistant silicone, is developed for your baby's changing needs.

Flexible, anti-collapse design

The petals inside the teat and the ridge design, increase the teat softness and flexibility, guaranteeing no teat collapse for growing babies.

Anti-colic valve technology

Reduces fussing and discomfort by venting air away from baby's tummy.
